Solo 365

smoke detector testing device

Datasheet Version 1.0

This new method of smoke generation takes the Solo brand to the next level. Solo 365 generates smoke on-demand via non-pressurised smoke cartridges – it's lighter to use, quicker to test and suitable for more applications.

Inserted in the Solo 365 tester, a Solo ES3 smoke cartridge will produce a detector-friendly smoke compatible with the widest range of detectors.

- On-demand smoke – faster testing, less wastage, eliminates risk of contamination
- 15% lighter than Solo 330 – supports easy movement around site
- Slim-line design – allows easy access to hard-to-access detectors
- Auto LED torch – for simple testing in dark environments
- Clearing mode – prevents re-alarms
- Non-pressurised, non-hazardous cartridge – easy storage & transportation
- Detector manufacturer approved
